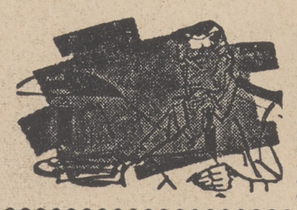
The DIMMER VIEW

by Max Goodwin



Plight of the Assessor

Nearly everybody hates Chuck Williams.

E. C. "Chuck" Williams is the County Assessor. It is he who appraises your property. The higher his appraisal, the greater your tax bill, it is thought.

Williams doesn't get too up-tight about the tax criticism of his department but he occasionally expresses a wish that taxpayers would try to better understand the taxing processes of San Diego County.

We joined the "Hate Williams" movement because we, as have many others, received a series of notices during the past several years announcing that our property has been reassessed. In today's tax economy, it is only in one direction—higher.

Actually, property owners get notices from other than Mr. Williams. Once a year the Tax Collector sends a bill. You pay it — and hate Williams.

You hate Williams because he has warned you of impending doom. From time to time you are informed that your assessment has been increased in line with current market values. While he has no control over the price people want to pay for real property, you become upset over his notices of increase because these portend a high total tax bill. When your higher bill comes, you recall that warning. Then you hate Williams some more. Yet Williams is innocent!

In this year's property valuation there is a record 17 per cent increase which brings the secured valuation to $2.9 billion — up $248 million.

Prior to the announcement of the new, higher valuation, a tax increase of 51.5 cents was foreseen. The new valuation changed the figure to 34 cents increase. The difference between last year's rate and whatever the tax collector sets represents the increase in spending approved by the County Board of Supervisors.

The supervisors are presently going through the dismal task of adopting a budget. It may be adopted this week. In it are many increases in spending. Increased spending and nothing more creates increased taxes.

The assessor cannot be responsible for spending — only assessing. Williams, in his letter, says, "I will accept full responsibility and accountability for the appraisals made by my staff!" That's a straight-away posture. It helps put the taxing process back in focus. It helps put the tax load blame on the spenders rather than to let blame float around through departments without taxing control.

A smart political tactician opined may years ago, that to divide is to conquer. So the spenders divided the apparent responsibility between the property assessor and auditor who sets the tax rates after certification of the budgeting agency thus directing the blame away from themselves.

The assessor's office has one responsibility. That is the assessing of all property in the county at 25% of its market value. If your property has been assessed at a figure higher than this, you have a justifiable complaint and you will be given relief.

Instead of using the assessed valuation as the place where the whipping post is planted, attention should be focused on the spending point. Every item in the county budget should be listed line for line and a report made to the people just how much this service and that is going to cost.

Perhaps people who make demands for more services would be less demanding if each category could be reduced to cost in cents per $100 of valuation as the decisions are being made.

We dig Chuck Williams when he says administrators are not altogether the blame. "These people are saddled with the problem of preparing a budget which will pay for the services they are required to perform either by demands of the taxpayers, legislative enactment, or other legal basis such as fire departments, police departments, the judicial system, public health, the maintenance of records, overall administration of the County and other services demanded by the public such as more recreation areas."

These demands are sometimes met by weak-willed pedagogues who often switch the tax burden from one source to another. There has been a homeowner's refund which merely added to the next year's tax cost; various subsidies from city to federal government which gives only a small relief effect but the idea sounds as though tax reform has come at last. Through all this the State has mandated an increasing number of services for which you must pay, like them or not.

So let's drink a toast to this era's whipping boy, E. C. Williams, who tells it like it is in spite of the public's willingness to believe him to be the heavy.

Williams says, "Our procedures require judgmental resolves in which there are differences of opinion. Accordingly, most people find it easier to challange an appraisal than to fathom the budget process, or challenge the expenditures."

He ought to be whipped for that complex sentence yet reducing it to understandable language it makes sense. He says his procedures make it easy to question his decisions as compared to the near impossible process of obstructing tax raising expenditures.

Tighter Zoning For Lemon Grove

If you had plans to build a rental on your existing property you may have already waited too long.

At a hearing scheduled for Wednesday, the County Board of Supervisors will decide whether or not to rezone all of Lemon Grove to R-1-A on an interim basis. Most all Lemon Grove property is now R-2-A which allows for the construction of a single dwelling or a duplex or two single units on a a building site 6,000 square feet in area if the building site is at least 125 feet in depth. R-1-A will permit only a single family dwelling.

The hearing will be at 9:30 a.m. in room 358, County Administration Center, 1600 Pacific Coast Highway.

Specifically, the Board will consider rezoning all or part of the property in Lemon Grove currently zoned R-2 and R-2-A.

Two considerations contributed to the calling of the hearing. One was triggered by a petition signed by a group of residents in the vicinity of Tweed st. who opposed a proposed duplex development in their neighborhood.

The other consideration is the planning program underway in Lemon Grove. Citizens here are in the process of establishing community goals which will be followed by preparation of a community plan to match the goals. When that is done the community will be in a much better position to know what specific zoning it wants to implement its future plan.

Bert Cosby Named New President

The Lemon Grove School District Board of Trustees held its annual organizational meeting Tuesday night, followed by the regular business meeting.

At the organizational meeting, board officers were elected. Bert Cosby was named president, Leonard Klee became the new vice president, and newly seated trustee Jim Dorman became clerk.

Cosby replaces Harry Warren Buckner as president of the board, while Klee steps into Robert Sjogren's former position and Dorman takes over for Lyle Stumbaugh. Sjogren and Stumbaugh both retired this year.

Also handled during the organizational meeting were approval to submit an annual report to the county Superintendent of Schools. the board meeting schedule for the coming year, and the school calendar.

In the business meeting, the board accepted the regular monthly report on free and reduced price lunches, discussed the Imperial 80 planned residential development, approved the request of an interest free loan. and gave approval to the 1971-72 publication budget.

The report on free and reduced price lunches showed a decrease of eight students on free lunches, while the reduced price lunches remained the same. Under the program, the district is re-imbursed for the free and reduced price food given to needy youngsters.

Discussing the Imperial-80 subdivision, the board was asked to consider an agreement with the developers regarding compliance with City Ordinance 600-10. No final agreement could be reached, but trustees will be expected to consider a revised contract at the August 2 meeting.

The board authorized Paul Reynolds to sign for the district in application for an interest-free loan from the county Board of Supervisors, in the amount of $350,000. The loan will be to help the district meet obligations prior to receipt of local tax dollars.

The final item on the agenda called for approval of publication of the 1971-72 budget, as returned from the county Superintendent of Schools. Although the budget was not returned to the district by the time of the meeting, trustees approved its publication with any changes the county may have noted.

Property Taxing Power $1 Million Annually

SAN DIEGO (CNA)—Fundamental differences in the approach to regional decision-making between the county and its 13 cities were clearly revealed Tuesday at the meeting of the county Board of Supervisors.

George Bailey, newly-elected chairman of the Comprehensive Planning Organization (CPO), confronted the five members of the Board of Supervisors and got no agreement at all.

Bailey, soft-spoken councilman from La Mesa, presented the proposed legislation of CPO. The legislation would give CPO taxing power of about one million dollars a year from the property transfer tax and would, incidentally, change the name of the organization to San Diego Council of Governments (SANCOG).

Bailey said that the city representatives to CPO would actually prefer a state-imposed regional agency than to see this power given to the Board of Supervisors.

The board, not distrusting itself nearly as much as the councilman sees SANCOG as a third level of government and one that cannot accomplish anything that the county cannot, although it is recognized that in either case state legislation would be needed.

The basic difference is that the city representatives on CPO see the structure of SANCOG as an independent jurisdiction capable of contracting with the county, for instance, to do regional jobs, such as a high speed transportation system or an international airport.

The supervisors envision SANCOG as a high level advisory body but not one that would be able to control the actions of the county.

Board members, particularly Jim Bear, referred to SANCOG as a toothless wonder because any of the 14 jurisdictions, city or county, could negate a CPO (SANCOG) ruling by a four-fifths vote of the governing body.

On the other hand, in the words of North County Supervisor William A. Craven, formation of SANCOG would be "kissing goodbye to county government."

Bailey complimented Supervisor Harry Scheidle in reverse. Scheidle is the county's representative to CPO and his approach is something akin to a bulldozer. He has been known to say, "If we have to hit 'em over the head with a two by four to get their attention . . ."

Bailey said Scheidle did get atention. He said the pressure from the supervisor has been a driving force behind city unity on the SANCOG plan.

He said, "The cities have long been jealous of the county. At the instigation of a member of the Board of Supervisors, the cities have been unified."

Later in the meeting, Bailey quit using the word "member" and used "Harry."

The CPO chairman said he has gotten a very clear message from members of the legislature. It is, he said, that unless the entites in the one-county San Diego regional get together on a regional body, the state will form such a body, probably without local selection or control.

He also said that there is little or no likelihood that the legislature would pass a statute that would give the supervisors jurisdiction within city boundaries.

The supervisors took no action Tuesday as the subject of regional government had already been referred to Chief Administrative Officer Fred J. Morey for his report and recommendation.

Population Study To Be Given To L.G. Plan Assoc.

Statistics on the 1969-70 Census complete with data on population, housing, employment, and mobility, will be given today at the regular meeting of the Lemon Grove Planning Association.

The report will represent one of the most comprehensive population and economic studies ever made on the community, according to Clayne Munk, senior planner, Community Planning Division of the County Planning Department.

The meeting will be at Golden Avenue School auditorium at 3 p.m.

The stats will be given by Walt Keville, associate planner, according to Jim Dorman, Association chairman.

The meeting is open and the public is urged to attend. A larger than usual turnout is expected because of concern regarding interim zoning for Lemon Grove (see related story and editorial, this page).

Stolen Gun Sends Youth To Honor Camp

SAN DIEGO (CNA)—Nine months in the honor camp was ordered Friday in Superior Court for a Lemon Grove youth who pleaded guilty to receiving stolen property from an El Cajon apartment.

Gary Dale Engelstad, 19, 7414 Tracy st., Lemon Grove, was arrested for possession of a .22 calibre revolver, part of $813 of loot from the apartment of Kenneth Warner.

Engelstad was traced through the accidental shooting of his girl friend with the stolen weapon on Feb. 20, a week after the burglary. The youth said he bought the gun, but admitted he thought it had been stolen.

After his arrest, Engelstad admitted previous drug use and pleaded guilty to receiving stolen property.

Judge Francis Gallagher put the young man on three years' probation Friday and sent him to the honor camp. He also ordered him not to possess firearms.

High School District Sets $19.5 Million Bond Issue for October

By a 3-2 vote trustees of the Grossmont Union High School District approved a $19.5 million bond issue to be called Oct. 19. Funds would be used for the district's growth over the next five years.

The decision overrode a Citizen's Committee recommendation of an issue for $11 million.

Trustees Robert Andreen, Palmer Svalstad and Ken Overstreet voted yes. Joseph Famme and Kenneth Whitcomb voted against it.

Dr. Austin Sellery, district superintendent, said that a total of $26 million would be needed to provide for the district's normal growth. That amount would provide for relocating the district's administration offices, the completion of a ninth high school (El Cajon - Hillsdale), construction of a tenth high school, development of a site for an eleventh high school and purchase of a site for a twelfth high school.

Approval of the issue would amount to 40-45 cents on the school tax bill if all the bonds were sold, according to Dr. Stanley McClintic, asst. superintendent. The present rate is 22 cents. The 40-45 cent rate would not be reached unless all the bonds were sold or unless the district reached bonding capacity.

Sellery said it would be folly to go for the $11 million total. Andreen said the board should be specific later as to what the funds would be used for. Famme argued that the board should commit itself to projects for which the funds would be spent.

Interim Zoning Seen For Lemon Grove

by Dick Simms

SAN DIEGO (CNA) — A down zoning of all of the Lemon Grove property now zoned R-2-A or R-2 will be the subject of a hearing before the Board of Supervisors next Wednesday at 9:30 a.m.

The far reaching move was recommended by Planning Director Dan Cherrier who suggested that the R-2 zones be replaced by R-1-A by interim zoning.

Both of the R-2 zones allow duplexes on 6,000 square foot lots with the R-2-A zone allowing two separate dwelling units on the same size lot.

Cherrier called the R-2 zones a "historical" accident and one that has recently led to proposals for planned residential developments which have met with strong neighborhood opposition.

Perhaps 80 per cent of the land in Lemon Grove is either R-2 or R-2-A with the latter greatly predominating.

The percentage is probably even higher if only undeveloped land was considered. Most of Lemon Grove's residential development has been R-1-A (Single family).

Interim zoning, if adopted would be in effect for one year, and could be continued.

The board is sure to hear complaints that property owners were not notified and no attempt is being made to notify individual owners.

Notification will be given to the citizen's committee and one owner, Starfire Homes, whose filing of a subdivision may for R-2 development at the south end of New Jersey st. prompted Cherrier's letter.

Lemon Grove May Be Best Lighted Town

Lemon Grove is rapidly becoming one of the best lighted communities in San Diego County.

This was disclosed this week as the San Diego Gas & Electric Co. announced it has completed installation of nearly 80 street lights in the Monterey Heights area.

The new mercury vapor lights are controlled by photo electrical cells that turn them on automatically a few minutes after sunset and turn them off a few minutes before sunrise.

Grossmont Hospital Hikes Room Rates $7 Per Day

Under the 1971-72 fiscal year budget that went into effect last week, patients at Grossmont Hospital will now pay $7 per day more than last year.

Included in the $8.1 million budget was a 5% cost of living increase in pay for hospital district employees.

Patients residing in the hospital district will now pay $60 per day for rooms, while those living outside the district will pay $68 per day. Both figures represent an increase of $7 over last year.

Other increases include rates for minor and major surgery, delivery room rates, and nursery rates. Surgery and delivery increases of $5 were approved, bringing rates to $65 per day for patients undergoing minor surgery and $85 for those in major surgery and delivery rooms.

Local Choral Group To Appear On CBS Tuesday

The Californians, a choral group of youngsters from the First Baptist Church of Lemon Grove, will wind up taping this week for the CBS Television series "The CBS Newcomers," which will start Monday evening at 10 p.m.

Taping and preparing for the series has been going on since mid-May. The show is a variety program featuring the local group replacing the "Carol Burnett Show" on CBS.

Also included on the hour-long show will be host Dave Garroway and the Nelson Riddle Orchestra.

Monday's opening show, the group will open the program with the theme song, "Make Way for the Newcomers." Other songs scheduled for the first show include "Workin' on a Groovy Thing" and "Baby, Everything is Alright."

The local group will also back up Cynthia Clawson when she sings "Put Your Hand in the Hand of the Man".

In January, CBS Television began a project titled "CBS Talent Development Search," whereby professional entertainers throughout the United States would have the opportunity to perform for a network representative. The purpose of the project was to find new people with the potential of building to star status performers.

Robert Tamplin, executive producer for CBS, who developed the project, auditioned 1,500 performers in 42 cities, with an associate in New York covering an additional fifteen cities. The 24 people on the "Newcomers" are the result of that search.

Formerly performing as "The Contemporaries", the Californians have been singing together for three years. In that time, they have given over 300 concerts from coast to coast, and have traveled over 40,000 miles on their tours. The group was selected from the youth choir of the First Baptist Church of Lemon Grove, and is directed by Bill Hawes.

Six of the group graduated from Mount Miguel High School: Mike and Debbie Hawes, John Hook, Charles Higgins, Ree Taylor, and Don Kleinschmidt. Diane Kleinschmidt and Leesa Taylor are students at Mount Miguel. The group's drummer, Bruce Norton, of Hoover High, performed on the first two shows with the group. Shari Nichols, a graduate of Helix High, joined the group on the third show, to be aired July 26. Don Christensen, from Poway, completes the ten member group.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

An interesting and friendly part of the culture in Spanish-speaking communities is seen in their method of greeting and taking leave of one another. In "fiestas" (parties) or informal gatherings we may hear new arrivals greeting each other with "mucho gusto" which literally means "much pleasure." This short phrase is only suggestive of a more complete idea like "Mucho gusto en verle." (It is a pleasure to see you.) or "Mucho gusto en conocero." (It is a pleasure to meet you).

The arrival scene shows everyone shaking hands. Men shake hands with each man and woman they meet. Women shake hands with other women they greet. Every youngster, both male and female, is taught, from a very early age, the importance of shaking hands when greeting friends and accompanying the act with a friendly "mucho gusto."

Family members and close friends go beyond the cordial handshake and simple greeting. After shaking hands they give each other an "abrazo" (embrace). This is accomplished by facing one another in very close proximity, both parties extending their arm around the shoulders of the other and lightly patting each other on the back. Male members exchange the "abrazo" with female and other male members of the family. Young ones learn this custom early also and may be seen exchanging an "abrazo" with their family member and close friends of both sexes and all ages. It is truly a warm scene.

Upon departing, everyone exchanges a "despedida" (a saying of good-by). This too is accomplished by handshakes and a hearty "mucho gusto." If you wish to make a hit in a Spanish-speaking gathering the phrases listed below will be of some assistance. You can expand your potential for learning them by dialing 276-2762 on your telephone where an automatic recording will lead you in saying each word and phrase.

IMPORTANT PHRASES:

Say "Mucho gusto." (MOO-choh GOOS-toh)
for "Much pleasure" or "Pleased to meet you."
Say "El gusto es mio." (ehl GOOS-toh ehs MEE-oh)
for "The pleasure is mine."
Say "Tanto gusto." (TAHN-toh GOOS-toh)
for "(It is) such a pleasure."
Say "Tambien para mi." (tahm-bee-EHN pah-rah mee)
for "Also for me."
Say "Tengo que despedirme." (TEHN-goh keh dehs-peh-DEER-meh)
for "I have to say good-by."
Say "Adios, que la vaya bien." (ah-the-OHS keh lah VAH-yah bee-EHN)
for "Good-by, may all go well with you."

This Sunday

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is for more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Letters To The Editor

Dear Editor:

A newspaper report said that teachers' salaries could be increased 9% not counting the fringe benefits. The average salary for teachers of the Grossmont Union High School District is $12,691. The raise would amount to $1,142.19.

Fringe benefits are $10,000 insurance policy and paid dental care for teachers and their dependents.

Supt. Austin Sellery was named to represent the board at the negotiating council.

Supt. Sellery could benefit from these deliberations because the administrators must have salary adjustments to keep their salaries "X"% above those of the teachers they supervise. Just how hard-nosed do you think Supt. Sellery can be with his end of the deliberations? This sounds like the old story of the rabbit who was put in charge of the cabbage patch.

It is no wonder that at the trustees meeting May 3, Joe Famme labeled the proposal 'completely unrealistic" and said he had lost confidence in 'people who would make that kind of a proposal." This was in regard to a starting teacher's salary of $9,000 with a top of $20,000.

Mr. Famme, keep up the good work and keep a close watch on our tax dollars.

Sincerely,
Charles O. Barnett
Santee, CA

One Act Playwriting Contest Opens Today

Grossmont College will accept scripts for its Fifth Annual One Act Playwriting Contest starting today, it was announced. Sponsored by the college's drama department, the contest is open to any resident of San Diego County. Authors may be amateur, professional, or student.

Three plays will be selected from the scripts entered which, in the opinion of the judges, are original, provocative, entertaining and of literary merit. The authors of the three prize-winning plays will be awarded $50 each and their plays will be produced and presented on March 9, 10, 11, 16, 17 and 18, of next year as part of the Grossmont College 1971-72 drama season. Drama instructors James Baker, Clark Mires and Martin Gerrish will each direct and produce one of the prize-winning plays.

All scripts submitted must be typewritten in manuscript form and must not have been previously produced. Scripts must be submitted to Communication Arts Play Contest, Grossmont College, and be postmarked on or before October 22, 1971 in order to be considered.

All scripts will be judged anonymously. The plays should not exceed one hour in running time nor should they be shorter than 30 minutes. Authors may enter as many plays as desired but each play must be submitted as a separate entry.

The decision of the directors and the judges will be final on all matters of selecting and producing the winning plays. A stamped, self-addressed envelope must accompany each entry in order that it may be returned if it is not selected as one of the three winners. Additional information concerning the contest may be obtained by contacting the Drama Department at Grossmont College.

Over 10,000 Attend District Summer Classes

More than 10,500 students are enrolled in a variety of summer school courses offered by the Grossmont Union High School District this year.

Nearly 70% of the students are taking courses that will meet graduation requirements (such as U.S. History, Civics, Advanced Mathematics, Biology, Aeronautics, Oceanography and Driver Education).

About 20% of the students are enrolled in purely enrichment or vocational classes such as Archaeology, Food Merchandising, Plastics, Certified Welding, and Electronics. The other 10% of the students are involved in makeup or remedial courses required to meet graduation requirements.

Grossmont District is offering two additional sessions of summer school — one beginning July 15 and ending Aug. 6, and for the first time in several years students will also have the opportunity to enroll in a third session which will begin August 9 and end August 31.

The third session will be offered at only two schools — El Cajon Valley High School and Mt. Miguel High School. A variety of classes will be offered in the post session, but continuance is dependent upon sufficient enrollment. Some of the more common courses include Driver Education, Civics, History, Body Conditioning and Weight Training, and Oceanography.

Students wishing to enroll in either session should contact their local school counselor now. The counselors are on duty for the first and second sessions only, from 8 a.m. to 2 p.m. Monday through Friday.

An Antarctic mountain is to be named Mt. Josephine, for Edsel Ford's daughter. Ford financed the expedition of Adm. Richard E. Byrd who discovered the mountain in 1930.

Luigi's, Martinizing Split Games To Remain Tied

Both Luigi's Restaurant and S & H One Hour Martinizing missed their chances at taking over undisputed possession of first place in the Spring Valley Little League standings last week as they both split their scheduled games.

With just two games left on the year, Luigi's and Martinizing are tied for the top spot with 14-5 records, and Al's Electric and Arnold & Co. are tied for third place at 12-7, with a mathematical chance of winning the flag.

In last week's action, Al's Electric collected eight hits to take a 3-0 decision from Martinizing as Charlie Arroyo tossed a three-hiter.

The loss dropped Martinizing a half-game behind Luigi's in the standings.

Luigi's played two days later and took a 1-0 victory from Jackson Supply and stretched its lead to a full game over Martinizing. In the game, Tony Franco got on on a single in the first frame and scored on three wild pitches by losing hurler Jim Campbell. Russ Palser proteced the one-run margin for Luigi's, tossing a one-hitter.

Two days later, however, Martinizing came back to outlast Al's, 9-8. Vernon Cramer was the winning pitcher and also belted a two-run homer. The win put Martinizing within half a game of Luigi's again.

The following day, Luigi's dropped a 4-3 decision to allow Martinizing to tie again for first place. Luigi's loss came at the hands of Jackson Supply's Dave Ling, who struck out 13 batters. Russ Palser belted his seventh home run of the season for the losers, tying a league record set by Al Salazar in 1969.

In other major league action last week, Arnold & Company split a pair of games with Spring Valley Kiwanis and Kelton Homes beat S.V. Shopping Center and lost to the same team.

Arnold & Co. teed off for 10 hits in ousting Kiwanis in the first game, 10-3. In the second game, Kiwanis evened things by collecting a 6-1 decision.

Kelton Homes won its third game of the season in its first encounter with Shopping Center, getting a pair of home runs from Rick Doll. Melvin Bishop was the winning pitcher in the 4-3 affair. Shopping Center game back to win the second game of the series, 9-5.

In intermediate league action, three games were played with the leaders collecting wins. Cecil's Hancock, tied with North Island Test Line for the top spot, outlasted Art's Lumber, 6-5, after North was victorious over Colorama TV, 12-6.

In the only other game, it was Mary Browne Realtor riding the crest of John Guarino's one-hitter to a 5-1 win over Oscar's Drive In.

In the minor league, Spring Valley Post Office took over first place by knocking off previously unbeaten Moose Lodge 4-1 and 16-3. Moose Lodge fell to third place with a 6-2 record.

Pat's Rentals moved into second place with wins over Bob's Window Cleaners, 11-5 and 9-3.

In the week's other games, Tea Pot Inn took a pair from the USS Prairie Pirates, 16-7 and 16-2, and Jim Niccoli's Racers split with Collwell Insurance, winning 11-1 and losing 14-9.

In the rookie division Polar Frozen Foods took over first place by beating Foster Freeze, 12-5, while Stroh's Lomita Bowl fell to second after dropping a pair of games.

Spring Valley Shopping Center knocked off Stroh's 11-10, and S.V. Boosters also turned the trick, 31-5.

In the only other game of the week, Shopping Center beat Fosters Freeze, 19-14.

O'Dell Realty Catches SVWC

O'Dell Realty, on the strength of two wins in as many games last week, caught Spring Valley Woman's Club, who split a pair of games, in the Spring Valley Bobby Sox League standings.

SVWC, who had led the pack for the past several weeks, was beaten by fifth place Fosters Freeze/Thomas Disposal, 19-13. Woman's Club won its only other contest, however, bombing Ham's Painting/Easter Plumbing, 20-5.

O'Dell's wins came over Ham's/Easter, 8-6, and third place Optimist Club, 7-3. O'Dell and SVWC both own 13-4 season records.

In other action on the week, Johnson Excavating won its second game of the year, a 24-7 blasting of Norm's Gulf. Norm's lost two games to fall into fourth place.

No minor league games were played last week.

Migets Blast Lionettes, 9-2, Claim Bobby Sox League Title

The Quota Club Migets, with a two-hitter by Debbie Sullivan, walked away with the Lemon Grove Bobby Sox pennant last week, beating the Lions Club Lionettes, 9-2; in the playoff game.

The Lionettes were winners of the first-half season title and the Migets were the second-half titlist, resulting in the playoff game.

The game opened routinely, with Rhonda Waller getting to first base on an error with one out for the Lionettes. Debbie Sullivan struck out the next two batters to get out of the inning.

In the bottom of the first, Gina Giacinto, pitching for the Lionettes, struck out the side.

In the second inning, the Migets struck for a pair of runs when Debbie Sullivan knocked in Terry Patterson and scored later on a sacrifice.

In the fourth inning, the Lionettes got on the scoreboard when Lynda Byrd belted a single to drive in Becky Ludwig. The Migets scored in the bottom of the inning, however, to bring the score to 3-1.

In the fifth inning, the Lionettes got on the scoreboard once again when Rhonda Waller belted a two-out single to bring in Donna Sportsman from second. Donna had walked and stole second.

The Migets, leading 3-2 in the bottom of the fifth frame, scored three runs on timely singles by Debbie Herring and Kathy Patterson. The winners added three insurance runs in the sixth frame when Paula Patterson belted a base-loaded triple.

Also last week, the last three games of the second-half season were played, with the Lionettes taking a pair of games. The Lionettes beat the Swingers, 25-11, and trounced the Gremlins, 11-1. In the only other game of the week, the Gremlins blasted the Swingers, 29-11.

In the minor league, the Catholic Daughters Cherubs won the pennant on the last day of the regular season by knocking off the Nalco Plumbing Pipers, 7-4.

The Cherubs had a chance to clinch the flag a day earlier, but lost to the Lemon Grove Chrysler-Plymouth Crickets, 13-9.

High Accident Road Closed

In an effort to speed the flow of traffic and ease traffice congestion that has resulted in 47 accidents during the last year, Grossmont College will close Grossmont College dr. between Highwood dr. and Fanita rd.

Grossmont College dr. owned by the college, has become increasingly popular as a short cut between Fanita and Lake Murray blvd. for non-college-bound traffice. According to John A. Burdick, dean of student activities, the closure will be made to protect students against an extremely dangerous traffic hazard.

Persons proceeding to a destination on the east side of the campus should use Fanita rd. while those visiting the west campus should use Lake Murray blvd. and Highwood dr.; however, any part of the campus may be reached from either Highwood dr. or Fanita rd. by continuing on Grossmont College dr.

A visitors parking area, adjacent to the administration building, may be entered from either Highwood dr. or Fanita. Maps of the new campus traffic flow pattern may be obtained at the college's reception desk.

Champ Trainer Set For Return To Del Mar

Farrell W. Jones, champion trainer at Del Mar for nine of the last eleven seasons, will be back in action with another well-balanced stable of Thoroughbreds when the 1971 meeting begins Wednesday, July 28, at the popular seaside oval.

The 49-year-old Jones, a native of Idaho, won his first Del Mar crown in 1960 and repeated as top man in the standings for the next six years before being dethroned by Buster Millerick in 1967. He reclaimed his title in 1969 and staged a repeat last season when he saddled 20 winners.

Jones, who departed a successful career with quarterhorses to train Thoroughbreds in 1955, perennially ranks among the leading conditioners in America. In 1970, he sent out 107 winners to be among the top 15 in the nation and tie Noble Threewitt as winningest conditioner in California.

At Del Mar, Jones has saddled the winners of a dozen stakes since 1959, tallying with such well-remembered runners as Pie Queen, Ann's Knight, Speak John, Testum, Powder 'n Paint, Sabina Louise, Mikhaless, Bahroona, Bern Bok and Daystar II.

His current string is headed by the brilliant five-year-old mare, Manta who has won numerous important stakes, including the Santa Monica, Santa Margarita and Santa Barbara Handicaps this winter at Santa Anita where she was a unanimous choice as best of her division. At Hollywood Park, she won the Long Beach Handicap this season prior to a series of heartbreaking defeats under high-weight.

Manta's primary objective at Del Mar is the $25,000-added Ramona Handicap at a mile and one-eighth on the grass Saturday, Aug. 7.

La Mesa Leads Loop Standings

Official standings for the month of June in the California Collegiate League were announced last week, with the La Mesa Collegians on top with a 9-3 record.

The Collegians' mark is enough to put the team ahead of second place Downey by two full games. Downey has won five and lost three games.

In the individual batting race, Bill Cocchia, of San Bernardino, has the edge with a .500 average. Tom Zechlin, of La Mesa, is third among hitters with a .409 average.

In the pitching department, La Mesa's Larry Luxenberg is at the top of the list with a 2-0 record and a 0.00 earned run average.

Murphy Plumbing Rocks Walker Scott, Gives Dodgers Pennant

Murphy Plumbing, a sleeping giant much of the year, reared up to knock off Walker Scott and hand the 1971 Lemon Grove Little League Major division championship to the Dodgers last week.

Behind the hitting and hurling of big Bruce Franks, Murphy disposed of Walker Scott 6-4 to drop the loser's record to 16-5. The Dodgers lost a meaningless game to Mission Storage 48 hours later but still finished with a 17-4 reading.

Murphy Plumbing and Mission Storage knotted for third place with identical 12-9 marks while Imperial Meats was 8-13, Food Basket 7-14, and White Construction and Lemon Grove Plaster tied at 6-15.

Franks fanned 10 in his effort against Walker Scott and singled and lined his first home run of the year to right field to cap a fine day's work. Mike Neagle aided him with a pair of hits while Bobby Schneider and Mark Foster both had two for Walker Scott.

The Dodgers were edged by Mission Storage 4-3 despite a two-run homer by Don Bowers in the final inning. Glenn Nye stroked two singles for the winners.

White Construction climaxed its season with a 5-4 decision over Lemon Grove Lath and Plaster after being down 4-1. John Young had a dozen strikeouts for White Construction with solving him for the only three hits he surrendered. Young was two for three at bat as was teammate Robert Tiumalu.

In the last game, Food Basket outlasted Imperial Meats 3-2 although losing hurler Mark Williamson had a league high of 15 strikeouts. Ron Truett was the winner on a two-hitter as Food Basket spurted to a 3-0 lead and then held on.

With regular season activity concluded, players will select an all-star team to represent Lemon Grove in post-season playoffs. Lemon Grove is to be host to the Area 4 tournament July 22-24 with San Diego American, Luckie Waller and Southeastern teams represented along with the local aggregation.

Padres Slate Five Games In 3 Days Starting Friday

Five games in three nights is the colossal conclusion to the Padres home stand starting tomorrow.

The Chicago Cubs, who have righted themselves after a shaky beginning and are now moving toward the top in the National League's hectic eastern division pennant scramble, are the weekend tenants at San Diego Stadium.

A twi-night doubleheader starting at 6 p.m. is scheduled for tomorrow. The two teams resume festivities with a Saturday 1 p.m. contest and a windup doubleheader is on tap for Sunday. Sunday is Little Swingers day.

The formidable and always improving Padre pitching staff will undergo an extensive workout but appears completely prepared for the five-game challenge.

Padre starters in June had a sensational month.

Dave Roberts posted an earned run average of 2.11, Clay Kirby was nearly as impressive with a 2.30 ERA and Steve Arlin was 2.68. And relief specialist Bob Miller pitched 23 innings and allowed only three earned runs during June.

Roberts, Kirby and Arlin all will face the Cubs along with left-hander Fred Norman who also has performed well since joining the club.

This will be the last San Diego visit of the season for Leo Durocher's flock. After the five-game series, the Padres will enjoy the All-Star break and then leave on a 10-game road trip.

Tickets for all the games with Chicago are now on sale at the Padre stadium ticket offices open daily at 10 a.m. Seats may also be purchased at Ticketron outlets located throughout San Diego County. And ticket reservations also may be made by telephone, call 283-4494.

Wards Wins Pair To Grab Pony Loop Flag

Montgomery Ward won its last two games of the season to easily take the Spring Valley Pony League second-half season crown and claim the overall season pennant.

Under the league system, winners of the first-half season play the winners of the second-half season for the overall flag. Since Wards won both season no playoff game was necessary.

In last week's action, Wards belted second-place State Farm Insurance, 7-0, and squeezed by Farmer's Center, 3-2.

In other games played, State Farm clouted Golden Bowl, 14-8, and beat Farmer's Center, 6-5, while Big Bear Market beat Farmer's Center, 10-6 and forfeited to Golden Bowl.

Final second-half season standings show Montgomery Ward on top with a 10-2 mark, 2½ games ahead of second-place State Farm with a 7-4 record.

Four games off the pace in third place was Big Bear at 6-6, followed by Farmer's Center, 3-8 and 6½ games behind, and Golden Bowl, 3-9 and 7 games back.

Last year she placed fourth in the nation with "Medea."

Christine was also a recent winner in the Lion's Club Oratory Contest for which she was awarded $3,000 toward a scholarship at Stanford University.

'Smilin' Ed' Hale Takes Last Bows At Cajon Oval

"Smilin' Ed" Hale, of Lemon Grove, made what could be his last trip to Cajon Speedway last Friday night and provided his usual excitement before tangling with the wall on the 24th lap of the 30-lap main event.

Problems with his super stock car and a continuing feud with Richard White, of Escondido, have prevented the popular driver from running during the Saturday night super stock races the past several weeks.

Hale recently indicated that he does not plan to race super stocks anymore this year, but said there is a chance "I might take a ride."

Friday night marked the last super sprint races at the track because of poor attendance.

In the main event, Hale was battling with Don Hamilton for the lead when the two machines touched tires and careened into the wall, forcing both racers out of the race. Hamilton had won each of the three previous main events at the track.

On Saturday night, the holiday weekend 50-lap open competition was held, and another Lemon Grove driver, "Gentleman Jim" Hitt had little trouble in claiming his fifth feature race of the season.

Hitt, who leads the point standings, started in the 16th spot, but worked his way through traffic for the first 25 laps. Following a two-lap battle with Gary Crossland for the lead, the local leadfoot drew away from the competition to win by 200 yards.

Hitt also won the six-lap trophy dash and set a record in leading qualifiers at 18.76 seconds.

On tap Saturday at the oval will be super stock and powder puff events. Hitt, John Dineen, and Pat McIntyre will lead the way in super stock racing, while Joy Swentkofske and Gloria Stahl will do battle in the 10-lap powder puff derby.

SPECIAL PROGRAM — Robert L. Barrows, Grossmont College lab technician, and Gilbert Mendoza, of Spring Valley, examine tortoise at the college's biology lab animal shelter.
Mendoza is attending Grossmont College this summer under a joint project of the Neighborhood Youth Corps and the college.

College Takes Part In Special Program

Grossmont College is participating in the Neighborhood Youth Corps-Goes-To-College Program during its current summer session. Aimed at providing a successful initial community college experience for economically disadvantaged high school students in order to motivate potentially capable students to enroll in a community college following their graduation from high school, the program involves both summer classroom and work experience for the students.

Fourteen students, all seniors from high schools within the Grossmont Community College District, are enrolled in the program. The students receive classroom experience appropriate to their interest and ability as well as work experience on campus under close staff supervision.

The students receive pay for their campus work from funds provided by the Nieghborhod Youth Corps under Title 1B of the Economic Opportunity Act of 1964, a Federal Program designed to provide jobs for youth who need some financial support in order to stay in school.

According to Dean of Guidance Services Laurance E. Coons, the students have already demonstrated to the staff that they can profit by going to college. In commenting on the students enrolled in the Neighborhood Youth Corps - Goes - To - College Program, a staff member said: "They are interested, enthusiastic and without a doubt, most of them have the capability to attend a community college.

Cultural History Workshop Open

Enrollment is still available in a special summer workshop in Indian Cultural History that is being offered by Grossmont College's Office of Community Services. The special workshop course titled "The Diguenos and Their Neighbors," is being offered free of registration or tuition charges as a community service. The course will be offered on six consecutive Tuesday evenings from 7 to 10 through August 10 in room 531 of the Liberal Arts Building.

Commencing with a geological, physiographic and ecological background of San Diego County, the course will trace the relationship of the social, political and religious structure of Indians in Southern California back more than 10,000 years to compare them with the Indians of today. American Indians from county reservations will participate in the workshop to provide information on present day reservation, nonreservation and intergroup organizations.

Mrs. Florence Shipek, instructor of Anthropology at the University of San Diego, will serve as instructor for the course. Interested persons need only to attend the first session to enroll in this special community services course.

Two On Honor List

Orville C. Broeker and Thomas M. Caughlin, both of Spring Valley, were among 1,970 students at California Polytechnic College of Pomona honored by having their names on the academic honors list for the winter semester.

Concert Set For July 20

Tickets may be ordered by mail for "The Burt Bacharach Concert" starring Burt Bacharach — the man — and his music. Featured along with Bacharach's 35 piece concert and recording orchestra is the popular contemporary group "Orange Colored Sky."

Life Magazine's Albert Goldman has noted that Bacharach emerged "between generations" as it were, too young for the heyday of Tin Pan Alley and too old for the ferver of rock and roll. Yet his songs are an amalgamation of all the disparate elements of today's popular music; consider that "My Little Red Book" made the charts in versions by hard-rockers like Love and Manfred Mann while "Wives and Lovers" was carried to the top by Jack Jones.

And then there's Dionne Warwick whose appeal encompasses that entire range. Miss Warwick has understandably recorded more Bacharach-David songs than anyone else.

Boz Scaggs Due For Second Performance

By Lynn Jones

Boz Scaggs will appear in concert Saturday at 8 p.m. in the Convention Hall of the Community Concourse. John Lee Hooker will be appearing on the same bill.

Scaggs' appearance will be his second in San Diego with his band. He sounds a bit like Paul Butterfield, but with more direct country flavor. The group includes Pat O'Hara, trombone; Jymm Young, keyboard; David Brown, bass; Doug Simril, guitar and vocals; Mel Martin, sax; George Rains, drums; and Tom Poole, trumpet.

Lynn Jones

Scaggs left the Steve Miller Band in the spring of 1969 and went to Alabama to record his first album, "Boz Scaggs." His newest album, "Moments," has increased the enthusiasm of fans everywhere and made him an incredible live performance attraction.

John Lee Hooker during the past decade has had his basic appeal to the blues enthusiasts and proved his popularity in San Diego with his first appearance a few months ago. Two of his albums are "Hooker n' Heat," and "Endless Boogie."

Tickets are $4 upstairs, $4.50 downstairs and are available at all Highlander Men's Stores, Metro Ticket Agencies and the Civic Theater Box Office. (236-6510).

The Board of Supervisors shall by subsequent resolution set the dates by which all affected property owners shall be ready to receive underground utility service and by which the utility or utilities must remove all poles, overhead wires and associated overhead structures and make the necessary underground installation of wires and facilities for supplying electric, communication or similar or associated service within Underground Utility District No. 8 and notices of the adoption of such subsequent resolution shall be given by the Clerk of the Board of Supervisors in the manner provided in Section 89.107 (A) and (B) of this division.

Section 2. It is the finding of the Board of Supervisors of San Diego County that the public health, safety and welfare require the removal of poles, overhead wires and associated structures, and the underground installation of wires and facilities for supplying electric, communication or similar associated service within Underground Utility District No. 8. The Board of Supervisors further finds that Underground Utility District No. 8 herein created, is in the general public interest because undergrounding in the District will avoid or eliminate unusually heavy concentration of overload distribution facilities and because that portion of Broadway, Main Street and Imperial Avenue in Lemon Grove within Underground Utility District No. 8 is extensively used by the general public and carries a heavy volume of pedestrian and vehicular traffic.

Section 3. This ordinance shall take effect and be in force thirty (30) days after the date of its passage, and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same, in the Lemon Grove Review, a newspaper of general circulation published in the County of San Diego.

PASSED, APPROVED, AND ADOPTED this 29th day of June, 1971.

WILLIAM A. CRAVEN
Chairman of the Board of Supervisors of the County of San Diego, State of California

The above ordinance was adopted by the following vote:
Supervisor Jack Walsh being absent and not voting
Supervisor Henry A. Boney voting "Aye"
Supervisor Harry F. Scheidle voting "Aye"
Supervisor Jim Bear being absent and not voting
Supervisor William A. Craven voting "Aye"

ATTEST my hand and the seal of the Board of Supervisors this 1st day of July, 1971.

Organ Featured With Old-Time H. Lloyd Flicker

Another silent movie backer up by organ music will be the feature at the Southland Music Center theatre Saturday, at 3459 Imperial ave., in Lemon Grove.

Ground Broken In L.G. For 60 Townhouse Units

Ground was broken this week for 60 townhouse condominium units to be located on six acres of land in Lemon Grove on Berry street just west of Massachusetts and south of Mt. Vernon.

The project, named Bella Vista Estates, and described as "Townhouses on the Green" is being developed by G & L Development Co., a partnership of J. M. Grassi and Robert Latanzio, with Art Leitch, realtors, as exclusive sales agents. Wally Knutson manages the Lemon Grove office.

Each of the units will be individually owned. All common areas and facilities, and exterior maintenance will be operated by an incorporated owners' association.

All units will be two stories with two or three bedrooms and master bath upstairs. Units are in clusters of six to ten, designed in California contemporary with more than 50% of the total area in planted open space and lighted walks.

A recreation hall, swimming pool, shufle board court, a child-safe play area and boat and trailer storage area are part of the development.

Each unit has a fenced patio, storage area and individual parking space. Kitchens have disposals, and electric built-in ovens and ranges. All units are fully carpeted and have electric ceiling heat.

Purchaser will receive a full title to his home and the ground upon which it is built and will receive all homeowner tax benefits, the developers said.

F.H.A. insured financing is arranged. Buyers must qualify for individual financing with modest down payments. The developer pointed out that it is not a H.U.D. subsidized project.

Cranston Bill Could Give Teachers Aid

Senator Alan Cranston has co-sponsored a bill to protect the retirement benefits of teachers who move across state lines.

Immediately affected would be some 100,000 California teachers in elementary and secondary schools and junior colleges, who spent one or more years teaching in other states before coming to California.

Cranston said their average teaching time in other states was eight years, according to the California Teachers Assn.

At present, none of this out-of-state teaching time will count in determining their eligibility for retirement or the size of their benefits under the California Teachers Retirement System.

The Cranston-sponsored bill, which was introduced by Senator Harrison A. Williams Jr. (D., N.J.), would establish a voluntary reciprocity agreement among the states so that teachers would get full retirement credit for all their years of teaching regardless of the number of states they taught in.

Summer School Students In Training Class

Harry Lashmet, an instructor at Mount Miguel High School, has enrolled his summer school class of 20 students in a special career training session at the 7-11 Franchise Training School in La Mesa.

The students are enrolled this week in a week-long session designed to help them learn what is expected of potential employees.

Among the things students are learning are how to operate a cash register, employee-employer relations, appearance of employees, and how a supermarket functions.

Other items in the course include experience with credit cards, money orders, and store cleanliness, according to Jim McCary, training specialist at the training school.

Newark N.J. has a population of 380,000.

MARK ANTONY, played by Ken Ruta, neglects his duty to ancient Rome as he pursues his passion for the exotic Egyptian Queen Cleopatra, played by Michael Learned, in the romantic tragedy "Antony and Cleopatra" in repertory with "A Midsummer Night's Dream" and "The Taming of the Shrew". The 22nd San Diego National Shakespeare Festival is now playing through September 12 at the Old Globe Theatre in Balboa Park, San Diego.

'Anthony and Cleopatra' Opens Tonight at Globe

An international romance by two great rulers of history will be re-lived on stage at the Old Globe Theatre. The compelling tragedy of "Antony and Cleopatra" opens tonight to join two comedies for the 22nd San Diego National Shakespeare Festival.

Directed by Ellis Rabb, "Antony and Cleopatra" will be performed by a professional repertory company at the Old Globe Theatre. The romantic tragedy will rotate with "A Midsummer Night's Dream" and "The Taming of the Shrew" through September 12. "Antony and Cleopatra" will be limited to thirty-eight performances during the summer season.

Performances of the current repertory are scheduled nightly except Monday with matinees on Wednesdays, Saturdays and Sundays.

The mystery of exotic Egypt contrasts with the splendor of ancient Rome in one of the great romances of theater history. A powerful conflict develops between Anthony's duty to Rome and his love for Cleopatra. His devotion to the beguiling Egyptian monarch prompts his efforts to help protect her throne by defeating her enemies while neglecting his own empire. Political rivalries develop as Antony is threatened with being overthrown by powerful Roman enemies.

Ken Ruta and Michael Learned head the professional repertory company portraying the title roles in "Antony and Cleopatra." Ruta is also appearing as Bottom in "A Midsummer Night's Dream" during the current repertory at the Old Globe Theatre. Miss Learned is performing only Cleopatra during the current summer season of the San Diego National Shakespeare Festival.

Other members of the ruling Roman triumvirate with Antony are Paul Shenar as Octavius Caesar and Tom Toner as Lepidus. Other principals in "Antony and Cleopatra" are Alan Fudge as Enobarbus, Laurence Guittard as Pompey, Marc Singer as Menas, Michael Keenan as Menecrates and Judy Mueller as Octavia.

Picnic Draws 700

More than 700 people took part in the Lemon Grove Old Time Days 4th of July picnic at the Green Spot park Sunday, according to George Tonner, picnic chairman.

More than 3,000 drinks were consumed, he says including 2,400 glasses of beer.

They played games, had races, won prizes and danced to Bill Tabor and his Country Western music. Art Way was master of ceremonies. The prizes, more than 20, were given by local merchants.

The picnic is given every year by the Old Time Days Association in appreciation for co-operation of the public during the community parade each May.

When the load shifted, a truck hauling nickels from the Denver mint spilled 240,000 nickels on the street at Camp Hill, Pa.

County Lifeguard Service Enters Thirty-First Year

Thirty years ago, William Rumsey became a one-man lifeguard service for San Diego County's beaches stretching from the Mexican border to the Orange County line.

He was soon joined by 10 additional lifeguards, three surf dories, and three 1936 pickup trucks, all under the supervision of the Sheriff's Department.

Bill Rumsey retired in 1960, but the service he founded continues to protect County beaches and respond to water oriented emergencies throughout the County.

"We guard the unincorporated beaches at Solana Beach and Encinitas, and we cooperate with city and state lifeguards in rescues at sea and help with land searches for various other agencies," explains Capt. James Lathers, chief lifeguard since 1964.

The service now has four year-round guards, all special sheriff's deputies, and nine seasonal guards. At its peak in 1957, when it protected 19½ miles of beaches, there were 32 guards. As the cities of Imperial Beach, Carlsbad, and Del Mar incorporated and formed their own services, and the state assumed control of other areas, the County service declined in number but not in excellence, as its record shows.

Headquartered at Solana Beach, the County operates the only rescue boats between San Diego and Oceanside. With two outboard powered skiffs and one of its original 1941 surf dories, the service has made 95 ocean surf runs since 1957, usually in conjunction with the U. S. Coast Guard or related agencies.

Nearly a million people use the County beaches every summer. In the 30 years of its existence, the service has made 2400 rescues; there has been only one drowning at guarded County beaches.

"Our number of rescues in relation to attendance is very low," Captain Lathers states. "But it's intended to be. We practice preventive lifeguarding — keeping people out of trouble, not sitting back and waiting for trouble to arrive."

"We were one of the first services to use a public address system to warn swimmers of holes and riptides and other dangers; I believe we're the first to use loud speakers which can be turned completely around to warn climbers on the cliffs back of the beaches," Lathers adds.

Guards have answered thousands of first aid and emergency calls, including several unlikely trips rappelling down cliffs to rescue stranded hikers.

Emergency gear includes complete climbing and scuba equipment. Grapples are also available for body recovery from lagoons and lakes in the County.

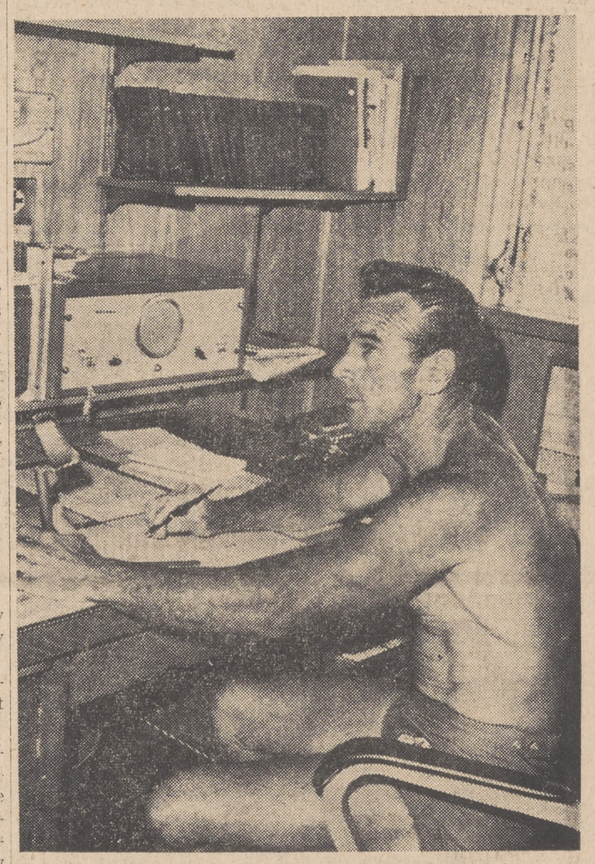
The San Diego County lifeguard service was established with such high standards that during the war years, beginning in 1942, they trained Army, Navy, Marine Corps, and Coast Guard personnel in ocean combat swimming in the lively surf off the old Del Mar pier. The program put 52,000 men through the course in the first year alone.

One unusual side activity has been the rescue of sick sea animals such as seals and sea lions. Until recently, there was an acute problem in caring for these animals.

"Now we can count on help from Rancho Coastal Humane Society, Sea World, and the San Diego Zoo," Lathers explained.

The start of the 31st year of service at County beaches, and rescue operations which span an area from Lake Henshaw to Otay to Imperial Beach to San Onofre, was marked by no special observances.

"It will be business as usual at County-guarded beaches. The 31st season officially started last month; we hope San Diego Countians will continue to enjoy their beaches safely," Lathers concluded.



PROTECTS SUMMER FUN — Capt. Jams Lathers, San Diego County Lifeguard Service, mans the wireless in Solana Beach headquarters. Here is the nerve center of rescue activities. Calls come in on the Sheriff's emergency band, from the Coast Guard, from amateur yachtsmen in distress, from citizens who may see a boat overturned. From this center the order goes out to launch the service motorboats or send a crew to rescue a hiker stranded on a cliff. Lathers, 1113 7th st., Imperial Beach, has been chief lifeguard since 1964.

Hospital Room Rates Hiked

(Continued from Page 1)

Increases for emergency room service and nursery rates amounted to $2.

This year's budget represents an increase of about $500,000 over last year.

Originally, hospital administrator Leverett Bristol recommended only a $4 increase in room rates, but district directors decided on the $7 increase to allow more money in excess of the budget.

The $4 hike would have set income about $8,000 over budgeted expenditures, while the $7 increase affords a cushion of nearly $200,000.

The approved budget will not effect the district's current tax rate, Bristol said. The tax rate, about 20 cents per $100 assessed valuation, is to provide for capital improvement such as new buildings.

Lemon Grove May Be Best Lighted Town

(Continued from Page 1)

Earlier this year, the company installed 41 street lights along Golden ave., Nida pl., Citronella, Mt. Vernon, Di Foss, Mazer, Lyndine and Morose streets.

The new lights raised the total installed in Lemon Grove in the last two and a half years to 427.

The company said about 70 per cent of the Lemon Grove streets are now properly lighted according to accepted standards.

The company credited the property owners of the community for initiating action to have the street lights installed by annexing to the Lemon Grove Lighting District, which pays for the lights through a property tax assessment.

The supply of water from the Colorado River in 1947 made possible a population growth in San Diego County from 440,000 to 1,374,200, as of April 1970.

THE DIMMER VIEW (Cont.)

may soon face the same planning restrictions.

According to the planning department, in the existing R-2 zone there is allowed one single-family dwelling or one duplex on a minimum building site of 6,000 square feet. Crops of all kinds and a family supply of poultry and animals are also allowed. On the issuance of a special use permit, mobilehome parks are also allowed. The R-2-A zone is the same, plus the alternative of two single-family dwellings on a building site at least 125 feet in depth.

In the proposed R-1-A zone there is allowed one single family dwelling on a building site at least 6,000 feet in area. Crops of all kinds and a family supply of poultry and animals are also allowed.

Lemon Grove was originally zoned in 1942 but most property in the area has developed in a different pattern than that contemplated in the 1942 zoning regulations.

Although most residential property in Lemon Grove is zoned R-2-A, almost all of it has developed at R-1-A density.

If adopted, the interim zoning would be in effect for one year. At the end of the year the Board of Supervisors could extend the interim R-1-A zoning one additional year, if warranted..

The proposal will not go uncontested. Wally Knutson, a Lemon Grove property owner and local businessman with offices at 7303 Broadway, has filed objections. He protests on the following basis:

A. R-2 zoned lot owners are being penalized.

B. Many such lot owners bought them with the idea of converting them to some type of rental to supplement their income at a later date. These people are being burdened with present high taxes without being able to obtain relief with supplemental rental income.

C. Poor usage of larger parcels of land should not be used as criteria to deny opportunity for presently zoned usage.

D. A shortage of duplexes or 2 on 1 lots presently exists in Lemon Grove.

E. School population is dropping and probably will continue to do so, according to Lemon Grove School District Superintendent Byron Netzley who made the statement June 23. This would encourage better use than R-1 zoning.

F. It is discriminatory to enact such zoning in Lemon Grove without applying the same measurement throughout the county of San Diego. Knutson called the plan regressive rather than progressive as population growth catches up with Lemon Grove and all outlying areas. Land, he notes, is limited and has been constantly increasing in value.

While he calls for a continuation of the present zoning, there are others with other reasons who want it changed.

Now, rather than later, is the time for you to voice your opinion.
